January backpack reading logs are due with a signature, new February ones are handed out on 2/6

WHAT ARE WE DOING THIS WEEK?

Monday- Children get to use the fun design scissors and strengthen fine motor skills and hand-eye coordination. Children will get to share with peers and also save pieces to make pictures in the art center during work-time

Tuesday- Children get to make predictions and do an experiment with skittles, children will first put skittles on the plate into a shape of their choice then students will add warm water and talk about what is happening to the skittles when warm water is added.

Wednesday- Children get to use the markers and color the coffee filters, then children get to use the spray bottles, children get to talk about the colors changing and once they are dry teachers will have students help them cut them into a snowflake.

Thursday- Children get to listen to the mitten story read from Rhinestone Rhonda, she will also do a finger play with the story and then a small activity with kids expanding book knowledge.
