WHAT ARE WE DOING THIS WEEK?

Monday- Children get to make a cocoon for their butterflies. Children will use their fine motor skills by using glue, markers, and tissue paper to decorate the toilet paper rolls.

Tuesday- Children will work on their large motor skills and hand-eye coordination using the kick balls and baseball bats playing outside.

Wednesday- Children will use markers, crayons, and colored pencils to make an end-of-the-year self-portrait.

Thursday- Children get to go on a bear hunt and work together where the clues lead them around the school!
