*No school Thursday 19th

Small Group Activities

Monday 16th – Children get to explore the pumpkin guts and count seeds. Children will guess how many seeds they think are in a pumpkin and then use spoons to scoop them out and count them. We will talk about where pumpkins grow, what they need to grow, and what we use them for!

Tuesday 17th- Pumpkin Volcanos! Children will make predictions on what they think will happen when we add soap, baking soda, vinegar, and food coloring to our pumpkins! After our experiment, we will discuss it!

Wednesday 18th- Children will help teachers add ingredients to make Play-Doh and then kneed it! Pajama day.

Thursday 19th- NO SCHOOL!!
