Activity: Learning the Life Cycle of the Butterfly

We will talk about the life cycle of a butterfly. We have watched our caterpillars grow and now they are in their chrysalis. Now we are waiting to see our butterflies come out into their new home.

Tuesday April 30

Activity: Painting our wings

We will be using markers on coffee filters to color our wings for the butterflies. Once we are finished coloring, we will spray water on the coffee filters to spread our color. The wings need a day to dry, so we will finish the butterflies on Wednesday.

Wednesday May 1

Activity: Finish our butterflies

We will be finishing making our butterflies. We will be using pipe cleaners to create their bodies and then hang them around our classroom.

Thursday May 2
