

Ms. Stacey's Camp News

What Are We Learning

Week of October 21st

Monday: We will be learning about apples. The children will taste a red and green apple to see if they taste the same or different.

Tuesday: We will be making applesauce. The children will help peel the apples by turning the peeler. They will make a prediction on what's going to happen when we cook the apples.

Wednesday: We will be talking about bus safety and making a name school bus.

Thursday: We will be going to the multi purpose room and learning more about bus safety. We will then go on a short bus ride around the block.

Classroom Reminders

~Please make sure mailboxes/folders are being checked daily.

~Please turn on notifications on remind

~Wednesday's are bike days. Please have hair down and closed toed shoes.

Wednesdays will be our bike days. The children will have their own helmet to wear while on the bikes and scooters so please have your child's hair down so their helmet fits correctly. I also ask that the children wear closed toed shoes on Wednesdays to prevent any foot injuries.

Thank you for your help!
